OUR INTERVENTION

The floods of 2022 wreaked havoc on the lives of 33 million people in Pakistan, who lost their homes and livelihoods. A health crisis of epic proportions arose in the wake of the floods, putting the lives of people who had already lost it all at risk.

Human Appeal International Australia made a generous donation of \$350,000 to Indus Hospital & Health Network's Emergency Flood Relief Efforts. This allowed IHHN to establish 2 container clinics, in flood-affected areas, which provided life-saving medical services to thousands of flood affectees. IHHN continues to dispense care to underserved and vulnerable communities across Pakistan.
